

Victoria Coolkit

TODAY! TUESDAY SEPTEMBER 5

6 PM AT CHRIST CHURCH CATHEDRAL

Meeting about a proposed development for the property at 1011 Fort Street
We've talked about being involved in the development process and this is an opportunity to attend a downtown "CALUC Meeting" (Community Association Land Use Committee). This is the start of the public development process, a learning opportunity for those of us not familiar with it.

October 14

From the City of Victoria

On Oct 14, Victoria, Saanich, and CRD are participating in the inaugural Climate Friendly Homes Tours which will take place across the Province. We are in the midst of recruiting homeowners to open their doors to the public to showcase retrofits that have been completed while also using the opportunity to promote existing programs, incentives, and more. We would be looking for folks who have completed retrofits on their homes or perhaps volunteers that would be interested in lending a few hours at participating homes on the day to greet people and share some information. More information for attendees in next month's newsletter. Meanwhile, if you'd like to volunteer, please let Dawn know very soon.

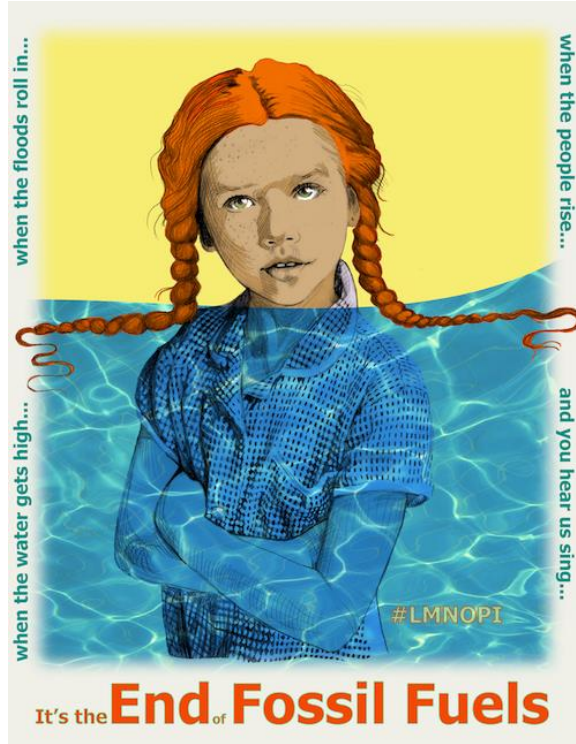

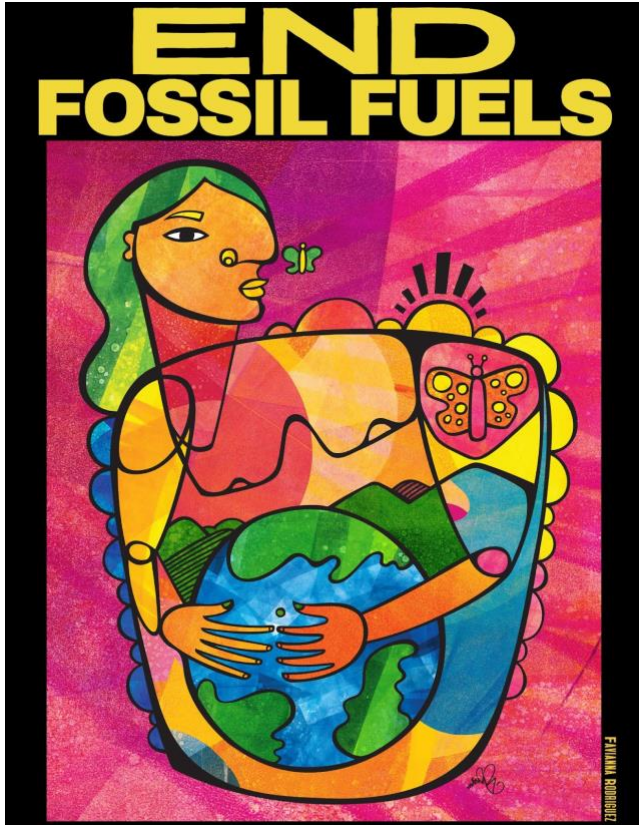

Next Meeting

Due to a conflict with Orange Shirt/Truth & Reconciliation Day, our September meeting is being rescheduled. There's a poll to select the best date, hope to have the result later today.

Beginning with our next meeting, we'll switch to a more egalitarian ☺ format. Switching off roles as facilitator, notetaker, storyteller/acknowledgment. The notes and agendas will be at the link below and we're all free to add agenda items.

VICTORIA COOLKIT

TAKING ACTION ON THE "URBAN FOREST" &
CLIMATE CHANGE

Further information:
coolkit@victoriadra.ca

Meet at Redfern Commons in Redfern Park, 1700 Redfern Street

10:00 a.m. - 12:30 p.m. on Saturday September 23

5:30 p.m. - 8:00 p.m. on Monday September 25

5:30 p.m. - 8:00 p.m. on Monday October 2

Together we can improve our tree canopy, green spaces, and climate resilience

It's fun, free, interactive, and informative

Three sessions, five-steps, to get from conversation to action

Fun and feasible for all ages

Opens our eyes to what climate change impacts and solutions can look like right where we

live, work or garden

Great way to get to know one's neighbours and build community

Registration includes materials, facilitation, light meals

Advance Registration Required:
